Alma LLC Kocani is a company for textile production and merchandise, founded in 1999 by Zoran Trendov, who is still the owner and the manager of the company. On a surface area of 10.000m^2, we possess a facility with 2.500m^2 of workspace.

Within the facility we possess a modern unit of dying and manufacturing buttons, and we care to preserve the environment.

With both, our personnel an managers, who have experience in the textile industry and with good teamwork, we present to you our collection of polyester, plastic, metal buttons and we offer a complete service.

Our company always follows the tendencies "aspiring, practical, innovative" to the customers all over the country. We are constructive and flexible in our branch. We can manufacture and design various kinds of products, and produce buttons according to the customer's requirements and colors.

Our vision is to become synonym for a company that consistently sets high standards in the field of business,commerce and investments, to prologue new habits and trends, but also to anticipate the ones which are already created. We attend to be a synonym for a company which keeps in step with the time.

Our mission is to offer our services and to create the best conditions for the costumers. With hard work and good organizational skills of our skilled and highly motivated staff we attend to insure the profits of the company as well as to insure a better life in our community.
